Notice To Indiana Churches

Persons coming to our State Conference by traveling in groups of ten or more can get a rate of two cents a mile. Let all from Elkart, Dunlaps, Goshen and vicinity, South Bend and Brighton assemble at Goshen on Monday, Oct. 1. By leaving Goshen on P. M. train you will make good connection at North Manchester for Roann. Brother L. O. Hubbard of Elkhart has kindly consented to see to the matter. So should you desire to come, write him and he can give exact time of train leaving Goshen.

Let Milford be another point of centering, from here you reach Roann on same train as those coming from Goshen. I will suggest George W. Rench, of Milford, as the one to act in bringing together ten or more at Milford. Write him.

Let Warsaw be another place. The persons interested and who desire coming from near Warsaw see to the matter.

Let Flora or Logansport be another place of assembling for the Flora, Darwin, Salem, Mt. Pleasant and Edna Mills churches. Leaving Logansport, "west side" on Monday afternoon you will reach Roann in good time. I will suggest that brother J. W. Fox, Cambria, Ind., and brother Albert Nehr, Flora, take the matter in charge.

What I have written is merely suggestive. Let all interested see that a company of ten is formed and you will get the two cents a mile rate.

Wm. H. MILLER.

North Manchester, Ind

To the Churches of Pennsylvania

The Pennsylvania State Convention will be held at Conemaugh Penn., on Oct. 2, 3 and 4.

All churches who have not yet elected delegates should at once hold a business session and elect delegates.

Would like to see every congregation in the state represented in full. If so we will have a good Convention. The success and good to be accomplished in the convention is in the hands of the churches. Send up your delegates with your prayers and proper credentials and I will promise a good and profitable convention.

All ministers are delegates by virtue of their office, but must have credentials. Each congregation is entitled to a delegate for every fifty members or a fraction thereof.

Let us all endeavor to have the best convention ever held in this state.
J. F. KOONTZ
Conemaugh, Pa.

Enon, Iowa

Some weeks have passed since the Enon church has appeared in the Evangelist. The work is going on very nicely here considering the extremely hot weather we are passing thru. We cannot complain of the attendance at the different services for it has been good. We held our quarterly business meeting on the 3rd Friday in August, at which time we elected delegates to the National Conference.

We had no services while our pastor was away to the National Conference so we were at liberty for one Sunday to attend church wherever we pleased. We are going to have a revival meeting commencing the 2nd of October. Pray for us brethren that many souls may be brought into the fold. Our Sunday-school is progressing very nicely with brother C. W. Landis as our superintendent. The work on the new Brethren church in Waterloo will soon be completed. We hope to see that some day there will be more than one Brethren church in Waterloo. Pray for us brethren that we may not get weary in well doing.
D. G. LICHTY.

Pennsylvania, Conference

The Sunday School and Church report blanks have been mailed to the pastors of the various Brethren churches of Pennsylvania and New Jersey.

Upon receipt of the same we would urge each pastor to immediately see that the superintendent or secretaries of the different schools in his charge are supplied with blanks and impressed with the importance of having them filled out at once, so they may be ready to be sent with delegate to the convention, or in case no delegate is sent, the report should be mailed to the writer so it may reach him prior to date of convention.

Please let us have a complete report from every Brethren Sunday School and every union school with which Brethren are connected within the limits of the Pennsylvania Conference.

One of the discouraging features of our conventions in the past has been the lack of complete reports from which to compile statistics.

I am informed there was quite an improvement in the report presented at our recent National Conference. This is very commendable.

We trust the brethren in the old Keystone state will not permit our hustling western brethren to outdo us in faithfully furnishing the information so vitally necessary that a reliable estimate may be made of the progress we have made in the Master's work during the past year.

Should any church or Sunday school fail to receive the blanks within the next week or ten days, by notifying the writer of the fact, the blanks will be mailed to you promptly.

Let each church and Sunday-school within the
